

The Erasmus+ DigitalFashion – “Collaborative Online International Learning in DigitalFashion” project (Feb. 2022-Jan. 2025) has reached its final results of implementation, both in terms of:

- educational materials
- multiplier events – workshops

All the educational materials are available on:

- the project website in PDF format: <https://digitalfashionproject.eu/>
- the Simulation platform: <https://digitalfashion.ensait.fr/login>
- the Moodle e-learning platform in e-learning format <https://www.advan2tex.eu/portal/>

The list of educational materials:

- Short report on the digital skills needed in the fashion industry and on the learning requirements of disadvantaged groups (30 pages - all languages: EN, RO, FR, SI, PT, NL)
- Report on Library of knowledge for virtual fashion design and technology (28 pages - all languages)
- Report on Fabric and Garment Digitalization and Digital Fashion Platform (24 pages - all languages)
- Curricula for collaborative online international learning in DigitalFashion (130 pages - all languages)
- Report on activities of the result Curricula (16 pages - all languages)
- Moodle e-learning platform manual (11 pages – English)
- Simulation platform manual (24 pages – all languages)
- Guide for best practices and new project ideas (11pages – English)

All project partners organized 12 multiplier events with participation of 426 professionals of the textile-clothing industry.
The image of the multiplier event organized by INCDDTP at the textile-clothing company SC Sorste SA – Focsani:

The PDF resources on the project website are freely accessible.
The Simulation platform requires free registration process.
The Moodle e-learning course requires free authentication - please contact
